An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Nicole Buckner on 12-27-05.

The application has been amended as follows:

1. (Currently Amended) A method of producing a joined body including a first member comprising at least a ceramic and a second member comprising at least one of a metal and a metal composite, said method comprising the steps of:

providing an indium-based [a] metal adhesive comprising indium and tin wherein tin is present in an amount of no more than 10 wt%;

placing said metal adhesive between said first and second members to provide a laminate; and

heating said laminate at a temperature in a solid-liquid coexisting range of an alloy comprising indium and tin to join said first and second members.

14. (Currently Amended) A joined body comprising:

a first member comprising at least a ceramic semiconductor wafer supporting member;

a second member comprising at least one of a metal and a metal composite; and

Art Unit: 1775

an indium-based [a] joining layer provided between said first and second members, said joining layer comprising indium and tin wherein tin is present in an amount of no more than 10 wt%.

Claims 1, 3-14 and 17-18 are allowed.
